

VIEWING COMPETENCY GRADES IN POWERSCHOOL

How do I view my child's final competency grades on PowerSchool?

1. Log into PowerSchool
<https://esd.powerschool.com>

2. On the **Grades and Attendance** page, click on **Standards Grades**

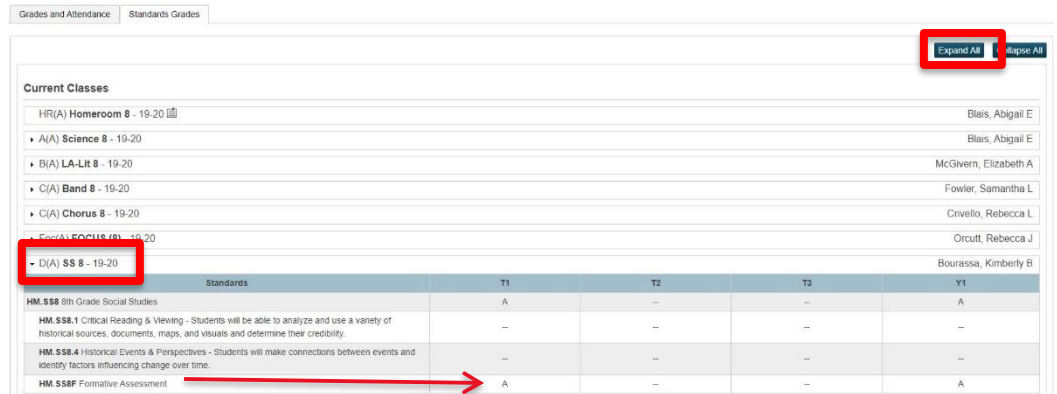

3. Click on a **Class** to view competencies for that class

OR

Click **Expand All** to view competencies for all classes

NOTE: Click on a competency grade to view more information.

Please note that you will only be able to view competencies (or performance indicators) that have been assessed and scored by the teacher. If you see dashes (--), this indicates that the competency was graded on a Formative Assessment, which does not count toward final competency grades.

How do I view my child's assignments in PowerSchool?

1. On the **Grades and Attendance** page, click on **[i]** under the desired term (e.g., Q1 or S2)

Grades and Attendance:

Click on the blue quarterly grade for more information about assignment scores.
Click on the Standards tab for more information about competency grades.
