

## 2024-2025 Alvirne High School Course Selections

Grade 9

Welcome to Alvirne High School! The School Counselors look forward to working with you and your student to ensure their transition to high school goes smoothly. Students are required to earn 24 credits for graduation. All students are required to take a **minimum of seven credits and a maximum of eight credits** in their freshman year. Five of those credits are **required** classes and freshmen can then select from many elective classes to fulfill the other credits. The student's current teachers will be recommending the appropriate level for the required classes. In March/April you and your student will be scheduling an appointment to meet with your Alvirne Counselor to review your course selections.

English, Social Studies, Mathematics, Science and Wellness (Health/Physical Education) are the required classes. There is a Fine Arts and Computer requirement also, many students choose to take those during freshman year. Foreign Language is not an Alvirne graduation requirement, but college bound students should take a minimum of two years of a foreign language.

Please visit our website to view the Program of Studies for a detailed description of all classes offered at Alvirne.

Please use this grid to enter the classes you hope to enroll in during your freshman year. Remember, math and wellness are year-long courses and to select both semesters of English, science, and social studies.
